The Garland flat grill, manufactured exclusively for McDonald’s, provides a method for efficient cooking, while accommodating a variety of products. The unit meets all of McDonald’s standards for safety, efficiency, and cleanliness.

**Product Features:**

- Grill design provides for uniform temperature and consistent product.
- High backsplash and tight shaft seal at backsplash for reduced grease migration and lower monthly maintenance.
- Computerized, integrated Time/Temperature settings for easier operation and consistency.
- Programmable menu items for future adjustments, new products and country differences.
- Clean mode preheats cooking surface to optimal temperature for cleaning ease.
